

Canyon Ranch iPad Apps

Dawn Productions worked with Canyon Ranch on the strategy and production of 3 signature iPad apps: *360 Well-Being*, *Healthy Eats*, and *Everyday Fitness* (see details below and sample content [here](#)).

For the Canyon Ranch apps we framed the strategy, ideated the vision and concept, and with our Dawn team and partners built the apps from scratch, managing the platform development, UX, and UI, as well as the social elements; conceptualizing, producing, shooting, and editing 119 videos (you can view the videos [here](#)); writing and editing the articles and tips; and developing the monetization and social engagement strategies.
